DELUX/XL Series 2

● ACNE ● AGING ● PAIN ● CONTOUR

This 4-mode device for acne, aging skin, pain, and body contouring is offered in two sizes for full-body coverage LED light therapy in a space-saving, cost-saving design without the heft and price of an LED bed. Great for at home or in-clinic use.

BENEFITS

- 4 Treatment Modes for acne, aging skin, pain, and body contouring
- Drug-free, pain-free
- Kill C. acne bacteria
- Reduce mild to moderate acne vulgaris
- Improve skin texture and appearance
- Reduce fine lines & wrinkles
- Pain relief for muscles, joints and arthritic pain
- Reduce inflammation & increase circulation
- Reduce the circumference of hips, waist, and thighs
- Controller with treatment timer and start/pause capability
- Patented shape-taking design ideal for whole-body application

SPECS FOR BOTH DEVICES:

- Wavelengths: Blue: 465nm / Red: 640nm / Near-Infrared: 880nm
- Contour closely to area of treatment (1" or less)
- Doses & wavelengths are treatment dependent
