## The ELITE Series 2

ACNE

AGING

PAIN

CONTOUR

HAIR GROWTH

The Celluma ELITE (Series 2) is the only 5-in-1 device FDA cleared for body contouring, aging skin, acne, pain, and hair growth. Three LED panels for 3x the coverage. Designed for medical spas, physicians, and care facilities featuring an articulating arm and rolling stand.

### BENEFITS

- The only 5-in-1 device FDA cleared for body contouring, aging skin, acne, pain management, and hair growth
- Multi-panel design, supporting up to 3 LED panels for 3x the coverage
- Optimized for medical practices and long-term care facilities featuring an articulating arm and rolling stand
- New controller with treatment timer and start /pause capability
- Patented shape-taking design ideal for whole-body application
- Allows for interchangeable large and small panels for specific body application\*

### INDICATIONS FOR USE:

- Reduce the circumference of hips, waist, and thighs
- Drug-free, pain-free body sculpting
- Improve skin texture and appearance
- Reduce fine lines & wrinkles
- Kill acne bacteria; reduce mild to moderate acne vulgaris
- Grow and re-grow hair
- Relieve muscle, joint, and arthritic pain
- Reduce inflammation & increase circulation
- Elite WING small LED panels sold separately
